LPL Training saw another increase in delegates for our May Training Day at the King Georges Conference Centre Ilford. Delegates spent a rewarding and interesting day discussing current credit control issues with 'live' debt examples, and, we hope, gained further insights into problem solving and obtaining prompt payment from customers. 'It is great to get an opportunity to share and discuss ideas relating to commercial debt'.

Surveys confirm that the UK is still suffering slow payment days no better than many countries in Europe. The survey shows that it is still important to chase slow and overdue payments to ensure that you avoid insolvency procedures that could deny you payment completely. When instructing LPL please remember to add interest and charges as per your Terms and Conditions or Statutory in accordance with the Late Payment Act.
